Dependable, Knowledgeable Inspectors Help Assure Pipeline Quality

NESCO Engineering & IT provides construction inspectors for all types of pipeline and facility related construction projects throughout the United States. Our inspectors can oversee all phases of a construction project from route selection to cleanup. Whether you're building or renovating compressor stations, pump stations, pipelines, terminals or storage facilities, we can supply an inspector with the knowledge and experience to match your needs.

A few of the more common types of construction inspectors we provide to clients include:

- ◆ Construction Manager
- ◆ Chief Inspector
- ◆ Assistant Chief Inspector
- ◆ Welding Inspectors (AWI - CWI)
- ◆ NDT / NDE Inspector
- ◆ Electrical / Instrumentation Inspector
- ◆ Mechanical / Civil Inspector
- ◆ NACE Certified Inspector
- ◆ Safety Inspector (OSHA 500 Trained)
- ◆ Operation Representative
- ◆ Utility Inspector
